**NOTE OF INTEREST (2018)**

Dear Parent/Carer

We are very grateful (if you are considering the Kennford Playbox for your future childcare) if you could provide us with some information about your family.

Understanding our potential future admissions each year enables The Kennford Playbox to budget and plan ahead. The preschool is largely government funded and is funded by the hour that each child attends.

This is NOT an application for admission – the information that you provide will help us to forecast future attendance numbers. **It is not binding in any way.**
